Dear Robert:

On behalf of the American Health Lawyers Association and the program attendees, I would like to thank you for taking time from your busy schedule to participate in the Fraud and Compliance Forum. Your willingness to speak at the program contributed significantly to the success of the program.

An initial review of the program evaluations indicates that attendees were very pleased with the seminar. I hope you had the opportunity to attend some of the other workshops and if so, you found them to be informative and useful. If you have particular thoughts on how we might be able to improve the program for next year, please feel free to call or write me with your suggestions. I would very much value your comments and perspective.

Again, many thanks for your participation. I look forward to working with you again.

Best regards,

Laurie Garvey
 Associate Director of Programs

Comments:

- Trusiak supplemented the HIPAA and cyber discussion well.
- Trusiak was very funny and a great speaker
- Trusiak was very informative and entertaining
- Trusiak was outstanding!
- This session was incredibly helpful and interesting. All of the presenters did a very good job keeping their information interesting and distilling down complicated topics.
- Please make sure to repeat the questions during the Q and A session.
- Good use of the time to include three related topics in one session
- Three interesting and timely discussions – thanks.
- The MU discussion didn't fit
- Terrible acoustics – speakers did not know to speak into the microphone
- It was good that this was an extended session. Questions during presentation would have been nice rather than just lecturing.
- Use of short video very effective
- Discussion of the 2-Midnight rule was rather in-depth for attorneys and compliance officers. Very appropriate for case managers and utilization review personnel.
- Great seminar – well-organized and presented.
- Very good and engaging
- There was no time for questions – common issue with the presentations.
- Title of talk should have included rules that would be covered. Not all compliance officers have HIPAA responsibilities.
- Great job keeping audience involved with humor. Could have used another hour on these topics but did a good job of covering in short period of time.
- There was not sufficient time for the session, difficult to hear questions
- Could be much longer- very complex topics
